Dear Exhibitor,

We are pleased that GES Canada Ltd. has been selected as your Official Service Contractor for:

NIPS 2018

We strive to offer you the best possible service to facilitate a successful show experience. Please review this manual carefully. It contains information and order forms for each of the many services offered by GES Canada Ltd. In order to provide efficient service for you it is important that you return these forms to us promptly.

By placing your orders in advance, you will benefit from discounted prices on our furniture and deco items. Advance orders also make for a smoother, more efficient move-in avoiding unnecessary waits, the possibility of selecting a sold-out item and showsite delivery delays.

To qualify for discount prices, orders must be received in our office on or before the deadline date on the order forms. Please be sure to reference each order form as deadline dates may vary. GES requires payment in full at the time services are ordered. For your convenience, we require that you provide a credit card authorization with your initial order. This may be used to charge labour and material handling services not covered in your advance order. We accept Visa, Mastercard, American Express, cheques, as well as wire transfer. Please note that onsite pricing will include a premium.

We realize that exhibiting in a tradeshow can be complicated. If you need assistance with your orders or additional information, please call 1 (514) 861-9694 from Monday to Friday from 8:30 a.m. - 4:30 p.m. and ask to speak to a Customer Service Representative (CSR). In addition, our GES Service Centre staff will be available throughout the show to assist you.

Thank you in advance for your valued business. We look forward to serving you and wish you a successful event.

Save time, order online.
Place orders and manage your budget in one place.

Sincerely,
Your Customer Service Team

Material Handling Information

Material Handling is the unloading of your exhibit materials, delivery to your booth, handling of empty containers to and from storage, and removal of your materials from your booth for reloading onto your outbound carrier. - **Take the time to ensure that your display and products are packed neatly and securely.**
- **Do not ship uncrated materials to the warehouse.**
- **Take the time to ensure that your display and products are packed neatly and securely.**
- **If you are shipping your carpet and/or lighting trusses, make sure it is loaded last so it can be saved valuable set-up time.**
- **Some convention centres and hotels do not have facilities for receiving or storing freight.**

**How to Ship to Exhibit Site**
- **Consign all shipments c/o GES Canada Ltd.**
- **Remove all old shipping and empty storage labels.**
- **Fill out and attach enclosed Direct Shipping Labels.**

- **Take the time to ensure that your display and products are packed neatly and securely.**
- **If you are shipping your carpet and/or lighting trusses, make sure it is loaded last so it can be unloaded first.**

Freight Carriers
Select a carrier with experience in handling exhibition materials. Make sure to give your carrier explicit information as to where and when to check-in. Delivery and pick up times are often out of the range of "normal" delivery hours. Make sure your carrier is committed to meeting your target dates and times. While making shipping plans to the show, also plan for the return shipment.

Tracking Shipments
Confirm your delivery date and time with your carrier, and have all pertinent shipping information in the hands of your representative at showsite. You may also want to review the return of your goods at the end of the show.

Estimating Material Handling Charges
Handling charges are based on the weight of the freight. Shipments are billed by the hundredweight and rounded up to the nearest hundred. A minimum per shipment may apply. See enclosed Material Handling Order Form for details. Please prepay all shipping charges. GES Canada Ltd. cannot accept or be responsible for collect shipments. Crated and uncrated shipments must be separated and clearly identified on your bill of lading.

- **Crated** - Material that is skidded or is any type of shipping container that can be unloaded at the dock with no additional handling required.
- **Uncrated** - Material that is shipped loose or pad-wrapped and/or unskidded machinery without proper lifting bars or hooks.
- **Special Handling** - Defined as shipments that are loaded by cubic space and/or packed in such a manner as to require special handling, such as ground loading, side door loading, constricted space loading, and designated piece loading or stacked shipments. Also included are mixed shipments and shipments without proper delivery receipts.

**Overtime Surcharges** - Shows that move-in or move-out on weekends or late in the day may be subject to overtime surcharges. See enclosed Material Handling Order Form for details.

**Late Surcharges** - A surcharge may apply if advance freight is received after the published deadline date for shipments to arrive at the warehouse. See enclosed Material Handling Order Form for details.

**Storing Empty Containers**
Properly labeled empty shipping cartons will be picked up, stored and returned after the show. Labels are available at the GES Service centre or from your GES service representative and are for empty storage only. Depending on the size of the show, it can take from one (1) to four (4) hours to return empty crates. Do not store any items in crates marked empty.

**Forced Freight**
Shipments left on-site after dismantle hours will be transferred to a storage warehouse. Charges relating to such shipping and handling will be charged to the exhibitor.

**Outgoing Shipments**
An OMHF (Outbound Material Handling Form / Bill of Lading) must accompany all outgoing shipments. Shipping information, outbound forms and labels will be available at the GES Service centre. Exhibitors selecting non-official carriers will need to make their own arrangements for pickup. Make sure that someone from your company will be on-site to oversee the outbound shipment of your display and product.

**Machinery, Labour and Equipment**
Labour and equipment for uncrating, unskidding, positioning, leveling, dismantling, recrating and reskidding machinery and/or equipment must be ordered separately. Place your order for this using the In-Booth Forklift and Labour Order Form. If your material requires specialized rigging equipment, please notify us promptly so that we can make arrangements. When possible, supply your own rigging equipment with shipments and pre-rig your material.

**Insurance**
All of your goods should be insured by your own insurance policy. Although we do our best to handle your goods as our own, there are many variables in shipping and handling that can affect your exhibit and products. GES Canada Ltd. has published GES Terms & Conditions of Contract that are in your exhibitor service manual. Please read them carefully.

**GES Limits of Liability**
- **Liability** - GES Canada Ltd. is liable for loss or damage to your goods ONLY if the loss or damage was caused by GES Canada Ltd. negligence.
- **Measure of Damage** - If GES was negligent and the negligence caused either loss or damage to your goods, then the measure of that damage will be determined by the following:
  a. Measure of damages in all situations (including b. below) will be limited by the Depreciated Value of the goods or repair costs, whichever is less.
  b. The lesser of $0.30 per pound per piece, $50 per piece, or $1000 per occurrence.

GES Canada Ltd. does not offer or sell insurance. GES Canada Ltd. is not liable and will not owe for loss or damage to your goods if the damage was not caused by GES Canada Ltd.
